Katie Sanders

From the president...

Jill Hoover, a senior majoring in mechanical engineering, is the new president of the Golden Key Honor Society and she said she is very excited about the upcoming school year.

“We are trying to plan some good events this year and increase participation amongst members,” she said. There are about 764 current members and the Golden Key will participate in drives, and service projects. “We plan to make sure that students are involved and are informed in advance of all meetings, and drives.”

"You can't just sit there and wait for people to give you that golden dream, you've got to get out there and make it happen for yourself." --Diana Ross

UPCOMING EVENTS...

At every meeting we will hold a service drive and volunteer project. For the rest of the semester, you can look forward to a book drive, canned food drive, and toy drive. We are also considering writing Christmas cards for our Veterans and participating in the Bama Buddies program again this year. Please start collecting books, because our book drive is next month!!! Also, we played a pivotal role in raising cans for the "Beat Auburn Beat Hunger" event last year, and in case anyone forgot we beat Auburn not only in football but also in the amount of cans raised. We certainly want to do it again this year!!

GENERAL MEETINGS...

Sheena Quizon will speak tonight on eating healthy while in school. She is a dietician at the Student Health Center.

Ally Sequera will speak to us following Ms. Quizon regarding resume development and working the career fair. There are a variety of career fairs concentrating on certain areas of study. More information on dates and locations for these events can be found at the career center's website, <http://www.uacc.ua.edu/>

ABOUT GOLDEN KEY...

Golden Key is an international honor society committed to academics, leadership, and service. The organization was founded in 1977 and has grown to include over two million members from over one hundred and ninety countries. Our chapter here at the University of Alabama works to achieve the organization's goals by holding monthly meetings that open the door for our members to lead and serve the community. When asked about what to expect this year, our advisor, Ms. Lynn Hamric, stated, "The 2010-2011 academic year has some of the most meaningful and exciting activities and projects planned for our members. There will be opportunities for every member to find at least one service option and one speaker they want to hear! The officers had a very successful planning meeting and I expect great results." She went on to discuss the impact Golden Key continues to have on its growing population, "Golden Key has the skills to be the premier honor society on the UA campus. We require academic achievement for membership and provide service opportunities to enhance resumes. Networking with the top 15% of students provides untold opportunities to further students social, academic and professional skills. Golden Key members also have the opportunity to increase the on and off campus service activities and input from our membership will drive these decisions. I would like to see at least a 25% increase in attendance at our monthly meeting as well as service projects during this academic year."

General Meetings:

September 9

October 14

November 11

Hardaway 252

6:00 p.m
